Dear Elizabeth,

It is my pleasure to inform you that you have been selected to receive a 2013-2014 Dean's Undergraduate Award for your outstanding achievements in Chemistry. The projects submitted to this year's competition were excellent and reflect the high caliber of work by all of the students who applied for these awards.

I look forward to meeting you and your fellow award recipients. To that end, we will be contacting you very soon to invite you to lunch with me. I do hope that you will be able to join your fellow award winners and me.

The Offices of Undergraduate Affairs and Financial Aid and Scholarships are processing your \$100 award check. It will be mailed to your permanent home address, soon after the end of spring quarter.

Once again, I wish you my warmest congratulations on your achievement.

Sincerely,

A handwritten signature in dark ink, appearing to read "P. Koch".
